Robert:

I understand that C.M. Jones is proposing to do some work for you on one of your projects. Dave Plechner at CMJ asked if I would give them a reference, which I am happy to do.

C.M. Jones has done work for us over the last few years at Coldstream Crossing and is now going to be doing the landscaping for us at Spring Mill Senior Living. Dave also takes care of my personal landscaping at my home in Kimberton. I have always found CMJ to be fairly priced and their performance exceeds that of other landscapers I have dealt with over the years. I do not hesitate in recommending them to you.
