To Whom It May Concern:

Recently I was in need of a landscape contractor for service work at Sunny brook Village. I was referred to Dave Pleckner of CM Jones. Dave was exactly what I was looking for. He was excited about the opportunity for new work, and he promptly set up an appointment. Dave took precise notes and took such care in the planning and the set up; that when the work took place it required zero management on my part. Dave called with updates and to confirm completion and customer satisfaction. All work was done in a timely, professional manner, and exceeded my expectation of quality. I plan to use and will recommend Dave Plecknor of CM Jones in the future.

Sincerely,  
Ron Bader
